WORKPLACE SAFETY

ENSURE THE SAFETY OF YOUR PEOPLE & SITE

An organised and comfortable workplace ensures that all tasks can be performed efficiently, effectively and safely.
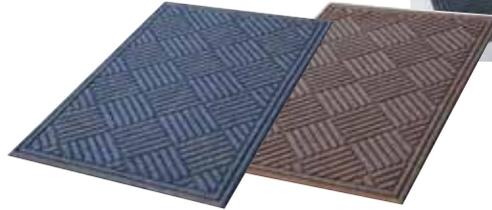

ECO ENTRANCE MAT

Environmentally friendly mat made from recycled rubber reclaimed from scrap tyres and recycled plastic bottles.

This mat is ultra durable and resistant, as it stores water to prevent slip hazards. A rubber reinforced cleaning surface is permanently moulded into the mat, eliminating crushing of the surface and ensuring long term cleaning effectiveness. The ECO mat stops contaminants entering the building, protecting floor surfaces from premature wear. Suitable for both indoor and outdoor use.

STANDARD PACKAGE: 1

| Part No.	Dimensions (W x L)	Colour	B
872207	600 x 900mm	Smoke	
872208	600 x 900mm	Walnut	
872209	900 x 1500mm	Smoke	
872210	900 x 1500mm	Walnut	
872211	1200 x 1800mm	Smoke	

RIBBED ENTRANCE MATS

Extremely coarse fibres for demanding heavy traffic and heavily soiled areas, this mat is ideal for scraping dirt off shoes.

The deep ribbed, 100% polypropylene fibres deflect dirt into the sunken channels. The channels have excellent water absorption and allow the mat dry quickly. Flame resistant and UV stable, the heavy gauge vinyl backing protects floors from abrasion and moisture. To clean, simply vacuum, sweep or hose down.

CUSTOM ENTRANCE MAT

A custom logo mat is a great way to get your message across to everyone that comes through your door. Use this mat to promote safety awareness to staff and visitors, or further promote your organisation.

Made of a hardwearing plush pile that offers a clean, crisp image and long life. Supplied with backing and border.

Note: Artwork will be colour matched by manufacturer using their colour chart and proof forwarded to customer for approval before made. Due to the custom aspect of this mat, turnaround times can be up to 4 weeks from artwork approval.

ANTI-FATIGUE ERGONOMIC MAT

This mat has been tested by CSIRO Wet Pendulum Test/Dry Floor Friction Test - AS/NZ 4586:1999. It has the ability to reduce back, leg and foot strain. These comfortable, ergonomic mats are 14mm thick to provide maximum support, and are ideal for most dry work areas. With its Koroseal™ vinyl surface, it will resist grease, oil and chemicals. This special surface also safeguards against slips and falls. All edges are bevelled. Weighs 3kg.

(i) Custom sizes available.

Bevelled edge features a safety border.

STANDARD PACKAGE: 1

| Part No.	Dimensions (W x L)	Colour	B

BRADYLITE® REFLECTIVE NUMBERS AND LETTERS

Bradylite® Reflective Numbers and Letters provide high visibility identification at night or during inclement weather. This Class 2 Reflective material (B-997) reflects light 100 times brighter than a plain white surface. Engineering grade markers perform during storms, snow, humidity and other tough environmental conditions. Slit liner allows for fast application and easy removal.

8 5000 Series 44x72mm
1 5900 Series 25x38mm
9 5905 Series 25x38mm
A 5920 Series 25x38mm

STANDARD PACKAGE: 25

Part No.	Dimensions (W x H)	Character Height	Colour	S
5900-*	25 x 38mm	25mm	Black on White	
5905-*	25 x 38mm	25mm	Yellow on Black	
5920-*	25 x 38mm	25mm	Black on Yellow	
5000-*	44 x 72mm	63mm	Yellow on Black	

* Add single digit number or letter in place of asterisk to complete part number. Characters available are: A-Z, 0-9. Use DSH to order dash and BLNK to order blank (5900 and 5920 series only).
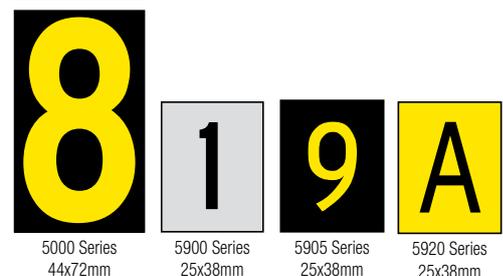

ⓘ Suitable for low temperature applications. B-997 Bradylite® has a cold temperature adhesive. This engineering grade reflective sheeting can be applied at temperatures as low as -27°C making this an ideal material for cold weather use.

15 OUTDOOR SERIES (B-946)

Ideal for effectively marking items where long-term durability in tough environments is required. Superior chemical and UV resistance. Designed for permanent applications. Material also resists oil, mild solvents and scratches without damage to appearance or legibility. Also available in combination packs.

34 INDOOR SERIES (B-507)

For fast general purpose marking, made from cloth B-507 material. Ideal for temporary or permanent indoor applications. Special high tack sticks to almost any clean, dry surface.

TWO PART PRODUCTION TAGS

Attach the top section of the tag and give the bottom tear-away section to the appropriate department for immediate response to the problem. Matching consecutive numbering (factory chooses starting number) appears on both the top and bottom sections of tags for easy identification. The backs are blank unless specified otherwise.

Matching consecutive numbering appears on both the tear-away stub and tag body.
