

YI WU RUN JIE DAILY COMMODITY CO., LTD

According to UN GHS (the 8th revised edition)

Material Safety Data Sheet (MSDS)

Product Name:	Sterilization wet wipes
Model No.:	/

Written by: _____

(Linda)

Inspected by: _____

(Jose)

Approved by: _____

(Grealy)

Issued by: TUV-Laboratory (China) Service of Testing

April 2020 Print

Initial Date: April 01, 2020

Revision Date: April 01, 2020

Material Safety Data Sheet

MSDS No.: E79.200.401.003.RJD Initial Date: April 01, 2020 Version: 1.0
Product Name: Sterilization wet wipes Revision Date: April 01, 2020 Item No.: NM79RJD

Section 1 - Product and Company Identification

1.1. Product identification

Product name: Sterilization wet wipes

1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses: Disinfection and cleaning

Use advised against: Not available

1.3. Details of the manufacturer or applicant

Manufacturer: YI WU RUN JIE DAIL Y COMMODITY CO.,LTD

Address: Shangxi Industrial Developing District in Yiwu City Zhejiang Province

Telephone: +86-13575936268

1.4. Emergency telephone number

Emergency telephone: +86-13575936268

Section 2 - Hazard Description

Hazard class and label elements of the product according to GHS (the 8th revised edition):

2.1. GHS Hazard class	
Hazardous to the aquatic environment, Acute	Category 3
Hazardous to the aquatic environment, Chronic	Category 3
2.2. GHS label elements	
Pictogram(s)	None
Signal word	Warning
2.3. Hazard statements	
H402	Harmful to aquatic life.
H412	Harmful to aquatic life with long lasting effects.
2.4. Precautionary statements	
Prevention	

This technical report may only be quoted in full. Any use for advertising purposes must be granted in writing. This report is the result of a single examination of the object in question and is not generally applicable evaluation of the quality of other products in regular production.

Material Safety Data Sheet

MSDS No.: E79.200.401.003.RJD Initial Date: April 01, 2020 Version: 1.0
Product Name: Sterilization wet wipes Revision Date: April 01, 2020 Item No.: NM79RJD

P273	Avoid release to the environment.
Response	
	Not applicable
Storage	
	Not applicable
Disposal	
P501	Dispose of contents/container to the approval of the waste treatment plant.

Section 3 - Composition / Ingredient Data

3.1. Material: Not applicable

3.2. Mixture: Applicable

Chemical name	CAS No.	%(by weight)
Aqua	7732-18-5	99.2
Polysorbate	9005-70-3	0.2
Benzethonium chloride	121-54-0	0.2
2-Bromo-2-nityopropane-1,3-diol	52-51-7	0.2
Iodoprpynyl Butylcarbamate	N/A	0.2

Section 4 - First Aid Measures

4.1. General advice:

Show this material safety data sheet to the doctor in attendance. After receiving the first-aid measure required, consult a physician if necessary.

Skin contact:

It is harmless if used as intended. If you worry or have irritating symptoms, wash with water. If symptoms develop and persist, consult a physician.

Eyes contact:

This technical report may only be quoted in full. Any use for advertising purposes must be granted in writing. This report is the result of a single examination of the object in question and is not generally applicable evaluation of the quality of other products in regular production.

Material Safety Data Sheet

MSDS No.: E79.200.401.003.RJD Initial Date: April 01, 2020 Version: 1.0
Product Name: Sterilization wet wipes Revision Date: April 01, 2020 Item No.: NM79RJD

Check for and remove any contact lenses, do not rubbing eyes with hand. Provide a readily-accessible eyewash facility and quick-drench safety shower. Occasionally lifting the upper and lower eyelids. Immediately flush eyes with running water, disappear until the chemical residues so far. Get medical attention if irritation occurs.

Inhalation:

It is harmless if used as intended. If excessive steam is inhaled during work, move exposed person to fresh air. Keep person warm and at rest. If not breathing or if breathing is irregular, provide artificial respiration or oxygen by trained personnel. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Get medical attention if adverse health effects persist or are severe. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway.

Ingestion:

Wash out mouth with water. Move exposed person to fresh air. Keep person warm and at rest. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Stop if the exposed person feels sick as vomiting may be dangerous. Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Get medical attention if adverse health effects persist or are severe. Never give anything by mouth to an unconscious person. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway.

4.2. Most important acute and delayed symptoms/effects:

The most important known symptoms and effects are described in section 11.

4.3. Immediate / special treatment:

Continue with first aid measures. Treat symptomatically and supportively. Symptoms may be delayed.

Section 5 – Firefighting Measures

5.1. Extinguishing method and extinguishing agent:

Suitable extinguishing agents: Use dry sand, dry chemical or CO₂ foam extinguishing. Water spray can be used to cool fire exposed containers/materials. Use extinguishing media most appropriate for the surrounding fire.

Unsuitable extinguishing agents: None.

This technical report may only be quoted in full. Any use for advertising purposes must be granted in writing. This report is the result of a single examination of the object in question and is not generally applicable evaluation of the quality of other products in regular production.

Material Safety Data Sheet

MSDS No.: E79.200.401.003.RJD Initial Date: April 01, 2020 Version: 1.0
Product Name: Sterilization wet wipes Revision Date: April 01, 2020 Item No.: NM79RJD

5.2. Special hazards arising from the substance or mixture:

If this product is involved in a fire, the following can be released: Carbon oxides, nitrogen oxides etc.

5.3. Fire precautions and measures:

Firefighters must wear self-contained breathing apparatus, wear full body fire suit, fire extinguishing in the upwind. As far as possible will be transferred to empty containers from the scene. Keep the fire water spray container cooling, until the end of fire. If the containers in the fire ground have been color, must be evacuated immediately. Isolated accident scene, prohibit access. Receiving and processing of fire, to prevent environmental pollution.

Section 6 - Accidental Release Measures

In case of liquid leakage:

6.1. Personal precautions, protective equipment and emergency procedures:

No action shall be taken involving any personal risk or without suitable training. Avoid breathing vapors and contacting with skin and eye. Beware of vapours accumulating to form explosive concentrations. Vapours can accumulate in low areas. Emergency personnel wear positive pressure self-contained breathing apparatus. Wear protective and anti-static clothing. Wear chemical impermeable gloves. Ensure adequate ventilation. Remove all sources of ignition. Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak. Avoid breathing vapours, mist, gas or dust. Put on appropriate personal protective equipment (see section 8).

6.2. Environmental precautions:

Prevent further leakage or spillage if safe to do so. To prevent leak into the water, the basement and limited space. Prevent entry into the sewage system.

6.3. Collecting, clearing method and disposal material:

Small spill: Wash the leakage with plenty of water.

Large spill: Stop leak if without risk. Move containers from spill area. Approach the release from upwind. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see section 13). Dispose of via a licensed waste disposal contractor. Contaminated absorbent material may pose the same hazard as the spilt product. Disposal:

This technical report may only be quoted in full. Any use for advertising purposes must be granted in writing. This report is the result of a single examination of the object in question and is not generally applicable evaluation of the quality of other products in regular production.

Material Safety Data Sheet

MSDS No.: E79.200.401.003.RJD Initial Date: April 01, 2020 Version: 1.0
Product Name: Sterilization wet wipes Revision Date: April 01, 2020 Item No.: NM79RJD

Contaminated material must be disposed of in accordance with all State and/or Local regulations.

Section 7 - Handling and Storage

7.1. Handling precautions:

Appropriate amount of product spread and wipe it on the palms, arms, fingers and hands. Finally, rub your hands continuously until they are dry. For external use only, not for internal use. Do not use if you are allergic to alcohol or have a wound on the area. In word, put on appropriate personal protective equipment (see section 8). Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Avoid contact eyes and skin. Do not ingest. Avoid breathing dust, vapour or mist. Normal measures for preventive fire protection. Observe good housekeeping procedures and hygiene practices. Wash thoroughly after handling. Handling carefully to prevent damage the packaging and container. Equipped with corresponding varieties and number of fire equipment and spill contingency processing equipment. Persons with a history of skin sensitization problems should not be employed in any process in which this product is used.

7.2. Information about protection against explosions and fires:

Non-flammable and non-explosive goods, general rules of fire prevention should be observed. Keep away from open flames, hot surfaces and sources of ignition.

7.3. Conditions for safe storage, including any incompatibilities:

Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see section 10) and food and drink. Keep away from heat/sparks/open flames/ hot surfaces. Keep container tightly closed and sealed until ready for use. Equipped with corresponding varieties and number of fire equipment and spill contingency processing equipment. Keep out of reach children, avoid eating. Electrical installations / working materials must comply with the technological safety standards.

7.4. Packaging materials:

Recommended-Use original container.

This technical report may only be quoted in full. Any use for advertising purposes must be granted in writing. This report is the result of a single examination of the object in question and is not generally applicable evaluation of the quality of other products in regular production.

Material Safety Data Sheet

MSDS No.: E79.200.401.003.RJD Initial Date: April 01, 2020 Version: 1.0
Product Name: Sterilization wet wipes Revision Date: April 01, 2020 Item No.: NM79RJD

Section 8 - Exposure Controls/ Personal Protection

8.1. Exposure limit:

There is no known exposure limits prescribed by the state.

8.2. Engineering control:

There is usually no need to take measures. But if dust, fume, steam arise and the concentration can not be brought to lower than the above-mentioned maximum permissible concentration, such measures as installing local ventilators are taken.

8.3. Personal protection:

Respiratory protection:

If exposure limits are exceeded or if irritation or other symptoms are experienced, use a full-face respirator with multi-purpose combination (US) or type AXBEK (EN 14387) respirator cartridges.

Eye protection:

Wear safety glasses when there is a potential for eye contact.

Skin and body protection:

Wear suitable protective clothing.

Hands protection:

Protective gloves.

Check protective gloves prior to each use for their proper condition.

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

Remark:

Normally not required if used as intended.

Other protection:

Smoking, eating and drinking water is forbidden in the workplace. After work, shower and change clothes.

This technical report may only be quoted in full. Any use for advertising purposes must be granted in writing. This report is the result of a single examination of the object in question and is not generally applicable evaluation of the quality of other products in regular production.

Material Safety Data Sheet

MSDS No.: E79.200.401.003.RJD Initial Date: April 01, 2020 Version: 1.0
Product Name: Sterilization wet wipes Revision Date: April 01, 2020 Item No.: NM79RJD

Section 9 - Physical and Chemical Properties

9.1. Information on basic physical and chemical properties

Appearance:	Wipes moistened with clear liquid, colorless
Odor:	Odorless
Melting point / freezing point(°C):	No data available/Not applicable
Boiling point(°C):	No data available/Not applicable
Flash point(Closed cup, °C):	>93(liquid)
Steam pressure(20°C):	No data available/Not applicable
Relative density (water=1, 20°C):	No data available/Not applicable
Partition coefficient: n-octanol/water:	No data available/Not applicable
Decomposition temperature(°C):	No data available/Not applicable
pH value:	No data available/Not applicable
Explosion limit:	Non-explosive
Relative vapor density:	No data available/Not applicable
Water soluble:	No data available/Not applicable
Flammability (solid, gas):	No data available/Not applicable
Oxidizing properties:	The substance or mixture is not classified as oxidizing

9.2. Other safety information

No data available/Not applicable

Section 10 - Stability and Reactivity

10.1. Stability:

The product is chemically stable.

10.2. Reactivity:

Stable under recommended storage and handling conditions.

This technical report may only be quoted in full. Any use for advertising purposes must be granted in writing. This report is the result of a single examination of the object in question and is not generally applicable evaluation of the quality of other products in regular production.

Material Safety Data Sheet

MSDS No.: E79.200.401.003.RJD Initial Date: April 01, 2020 Version: 1.0
Product Name: Sterilization wet wipes Revision Date: April 01, 2020 Item No.: NM79RJD

10.3. Incompatible materials:

Strong oxidizing agents, strong acids and strong bases.

10.4. Conditions to avoid:

Incompatible materials, high temperature, direct sunlight and open fire.

10.5. Hazardous polymerization:

Will not occurs.

10.6. Hazardous decomposition products:

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

Section 11 - Toxicological Information

11.1. Acute toxicity:

Component	CAS No.	LD ₅₀ (Oral)	LD ₅₀ (Dermal)	LC ₅₀ (Inhalation)
Benzethonium chloride	121-54-0	Rat: 368mg/kg Mouse: 338mg/kg	No data	No data
2-Bromo-2-nityopropane-1.3-diol	52-51-7	Rat: 180mg/kg Mouse: 270mg/kg	Rabbit: 1600mg/kg	Rat: >5000mg/m ³ /6H

11.2. Skin corrosion/irritation:

Ingredient name	CAS No.	Species	Route	Value	Result	Type of test
2-Bromo-2-nityopropane-1.3-diol	52-51-7	Rabbit	Skin	500mg/24H	Mild	Standard Draize test

11.3. Eye corrosion/irritation:

Irritating effect possible.

11.4. Respiratory or skin sensitization:

These products are not known to cause skin and human respiratory sensitization.

11.5. Germ cell mutagenicity:

According to the existing data, the product is not classified.

11.6. Carcinogenicity:

No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP,

This technical report may only be quoted in full. Any use for advertising purposes must be granted in writing. This report is the result of a single examination of the object in question and is not generally applicable evaluation of the quality of other products in regular production.

Material Safety Data Sheet

MSDS No.: E79.200.401.003.RJD Initial Date: April 01, 2020 Version: 1.0
Product Name: Sterilization wet wipes Revision Date: April 01, 2020 Item No.: NM79RJD

OSHA or ACGIH.

11.7. Reproductive toxicity:

According to the existing data, the product is not classified.

11.8. Specific target organ toxicity - single exposure:

According to the existing data, the product is not classified.

11.9. Specific target organ toxicity - repeated exposure:

According to the existing data, the product is not classified.

11.10. Aspiration hazard:

According to the existing data, the product is not classified.

Section 12 - Ecological Information

12.1. Ecotoxicity values:

Harmful to aquatic life with long lasting effects(Category 3).

12.2. Persistence and degradability:

No data.

12.3. Bioaccumulative potential:

No data.

12.4. Mobility in soil:

No data.

12.5. Other adverse effects:

Do not allow material to be released to the environment without proper governmental permits.

Section 13 - Disposal Considerations

13.1. Residual waste:

The generation of waste should be avoided or minimized wherever possible. You may be able to dissolve or mix material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber system.

13.2. Contaminated packaging:

This technical report may only be quoted in full. Any use for advertising purposes must be granted in writing. This report is the result of a single examination of the object in question and is not generally applicable evaluation of the quality of other products in regular production.

Material Safety Data Sheet

MSDS No.: E79.200.401.003.RJD Initial Date: April 01, 2020 Version: 1.0
Product Name: Sterilization wet wipes Revision Date: April 01, 2020 Item No.: NM79RJD

The generation of waste should be avoided or minimised wherever possible. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible.

13.3. Disposal considerations:

Processing, use or contamination of this product may change the waste management options. Dispose of container and unused contents in accordance with national and local relevant regulations laws.

Section 14 - Transport Information

According to IATA DGR 61st Edition for transportation, IMO International Maritime Dangerous Goods Code (Amendment 39-18), European Agreement Concerning the International Carriage of Dangerous Goods by Road. The products are not subject to ADR/RID, AND, IMDG and IATA DGR.

14.1. UN number

ADR, RID, AND, IMDG, IATA: Not regulated

14.2. UN proper shipping name

ADR, RID, AND, IMDG, IATA: Not regulated

14.3. Transport hazard class(es)

ADR, RID, AND, IMDG, IATA: Not regulated

14.4. Packing group

ADR, RID, AND, IMDG, IATA: Not regulated

14.5. Environmental hazards

IMDG Marine pollutant: No

14.6. Special precautions for user:

Should check whether the container is full, sealed before shipping. Ensure that the product does not collapse, fall, and not damaged in transport process. Transportation should prevent insolation and high temperature and water. Avoid rain, polluted, damaged, long-term exposure. Stopover should be far away from fire, heat source and high temperature and water.

Section 15 - Regulatory Information

15.1. Regulatory information: Reference to the local, national, US, EU, CA and international regulations.

This technical report may only be quoted in full. Any use for advertising purposes must be granted in writing. This report is the result of a single examination of the object in question and is not generally applicable evaluation of the quality of other products in regular production.
