

ENZYME WIZARD
DRAIN ODOUR ELIMINATOR AND MAINTAINER

Good afternoon Noemi,

We have undertaken a preliminary test and inspection of drain from Toilet with was with bad smell. As you suggested we decided to trial a new product (Enzyme Wizard) which is a natural plant based, non-toxic enzyme.

Before the trial the Toilet was with a really bad odour that we couldn't eliminate no matter what we tried

The results are staggering all odours was eliminate without do any effort than drop the product on the drain.

Is such an amazing product that I will be definitely will be using the future many thanks for your suggestion.

Regards,
Chris Arratia
