

Automated external defibrillation (non accredited)

It's about knowing when and how.

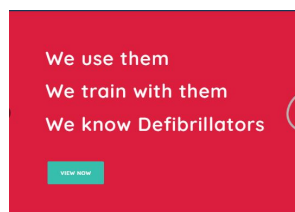

If you have access to an Automated External Defibrillator, but you don't know how to use it, this course is for you.

It gives the knowledge & hands-on practise to use the defibrillator confidently in a potential life-threatening scenario.

CONTENT

- First Aid principles
- Legal issues
- Chain of Survival
- Emergency Action Plan – DRSABCD
- Using an AED
- Sudden Cardiac Arrest
- Resuscitation techniques
- Safety issues
- Maintenance of the AED
- Practice CPR

\$99.00/person ex. GST
